Let's have a quick call to go over any talking points, concerns, new information in advance for our meeting with DOD, LSP, National Guard, etc at EXPLO Systems on 1/23. Are you available for a quick call on 1/22? Fife, Susan and I will be traveling and could talk on the way. How does 10 am work for everyone? I've attached the draft meeting agenda, for review and comment. Please be prepared to go over anything that you will discuss on the 1/23 or would like to have discussed in your absence.

Thank you.
